Christmas Cards

In line with a commitment to be more eco-friendly, the Church Council agreed to review the Church's practice of purchasing commercially-printed Christmas cards.

Whilst Christmas cards will still be sent to those members who are unable to worship with us in person, it is suggested that many people who see each other regularly might not feel a need to receive a Christmas card from the "Church family".

A further suggestion was that money saved on the purchase of cards might be donated to an environmental charity.

In order to know how many cards to purchase this year, there is a list in the Concourse that you are invited to sign if you wish to opt out of receiving a printed Christmas card from the Church family.

A locally-produced notice will be made available closer to the time, giving dates and times of all Christmas services.

Limited supply of Christmas Cards, Advent Calendars available on the Bookstall

Tuesday Evening Bible Study

We are starting a series of 8 sessions on Tuesday 19 November where we are following 'The Bible Course' produced by the Bible Society. This gives a fresh approach to understanding the big picture of the Bible from Genesis to Revelation. Everyone is welcome, those new to faith, mature Christians and those without faith. We start at 7.15pm with a drink and are finished before 9.00pm. Further details will be circulated over the next two weeks. Bill Herring— Senior Church Steward

Try Tech Connecting Generation over 50's

Sessions aimed at the older generation for beginners or people who would like to build on their skills. For more information see poster on notice board

Relationship & Marriage

The Methodist Church is rethinking its position on identity and sexuality. To help us in this, a wide variety of resources are available for individual and corporate reflection around the topic of Relationship & Marriage. If you would like to see these resources please let the Circuit Office have your e-mail address and we will send them to you. Alternately there is a hard copy available in the Circuit Office that anyone is welcome to look at.
